Escape to Last Man Peak Jean D'Costa, 2021-03-25 There have been many great and enduring works of literature by Caribbean authors over the last century. The Caribbean Contemporary Classics collection celebrates these deep and vibrant stories, overflowing with life and acute observations about society. Sunrise Orphanage is a happy place until the great sickness comes to the country, when the ten orphan children are left to fend for themselves. Normal life breaks down, and people do what they can to survive. Threatened with being taken to a labour camp, the children's only alternative is a perilous journey across the island. Sanctuary awaits them at Last Man Peak, but will they be able to reach it? Unforeseen danger waits at every turn. No one can be trusted. The arduous trek would be challenging enough even without the need to avoid capture - capture which would mean the labour camp, or possibly something much worse. The journey, with only their wits and courage to help them, will change their lives for ever. Suitable for readers aged 11 and above.

Lesson Plan - "The Grapes of Wrath" by John Steinbeck Lisa Sangmeister, 2011-02-08 Lesson Plan from the year 2010 in the subject English - Literature, Works, grade: 1,3, University of Marburg (Anglistik), course: Second Language Acquisition, language: English, abstract: 1. General Overview The Hessian Curriculum(1) demands that the English lesson in the Oberstufe has to improve the pupils' language skills as well as enlarge their knowledge about English literature and different cultures. Correspondingly, the pupils should gain experiences with a variety of texts and different media. By this, they develop critical media literacy which is an essential prerequisite for working independently. Ideally, these main objectives should be combined in every teaching unit. The novel The Grapes of Wrath by John Steinbeck was published in 1939. It reports the story of the farmer family Joad which has, like hundred thousands of other families, to leave their home Oklahoma to start a new life in California. By this, Steinbeck exemplifies the fate of migrant workers in the USA during the 1930's. The novel should be motivating for the pupils as it constitutes an authentic documentation of the social circumstances during the time of the Great Depression.(2) Furthermore, the dramatic story of the family Joad is gripping and arouses empathy. The novel, moreover, refers to central topics, like work ethnic and inequality, which can be connected to the

current problems of globalization. In *The Grapes of Wrath* Steinbeck makes use of the migrants' authentic language. That is why the reading might be a challenge for the pupils. Besides, Steinbeck's literary techniques are note-worthy. He, for instance, adds so-called intercalary chapters, which evaluate the plot and provide further information on the historical context. Moreover, the controversy(3) of the novel led to various reactions of artists and film adaptations. So the novel is an appropriate starting point for the comparison of different media, like for instance songs, photographs and film adaptations. Correspondingly, this teaching unit aims at combining knowledge about literature and history with the development of language awareness and media competence. _____ (1)Lehrplan Englisch, Gymnasialer Bildungsgang: Jahrgangsstufen 10G bis 12G, Hessisches Kultusministerium 2010 (Entwurf). (2) John Steinbeck has accompanied migrant families on their way to California. (3) At first, the novel was abolished in California, later it won the Pulitzer Prize (1940). [...]

Lesson Plans for Teaching Writing Chris Jennings Dixon,2007 Why do students often graduate from high school unprepared for college writing? And what can we do about it? These are the questions that a group of classroom teachers set out to explore. Over the course of seven years, a group of middle, high school, college, and university teachers participated in a federally funded writing coalition project to implement innovative approaches to teaching writing. Together they developed this series of lesson plans designed to make writing both fun and an integral part of diverse curricula. Practical is the recurrent motif of each teaching strategy. Developed by real teachers in real classrooms, the lessons are grouped into seven categories: writing process, portfolios, literature, research, grammar, writing on demand, and media. Each lesson follows a standard format that includes purpose of the activity; necessary preparation; required props and materials; process and procedure for implementation; instructional pointers and/or possible pitfalls; and reflections from the teacher that provide behind the scenes insights.
